## Family Safaris

Our family safaris are very special to us, and we take great pride in ensuring that the whole family is taken care of and that everyone experiences the African adventure. These packages are tailor made for your family, and we cover everything for family hunting, to sharing our African heritage to special spa days for the ladies.

## Catering

Trained cooks prepare all the meals. These include game taken on the safari as well as regular dishes. Should you have special dietary requirements or items, we will cater for this, provided that we are well informed in advance. There is always a plentiful supply of fresh produce available. A full bar is also available and include soft drinks, local wines, beers and spirits.

## Camps

Hunting camps range from stone under thatch chalets to well-equipped, traditional tented safari camps and include hot & cold running water and modern amenities. Each camp is run by a full complement of trained staff, to assist you. Based on the type of experience that you would like, we will tailor according to your needs.

## Clothing & Equipment

You will need 3 sets of hunting clothing as well as 2 sets of casual camp wear. Clothing should be of natural bush colour. No military style camouflage is allowed. At least 1 or 2 pairs of well worn-in hunting boots and a pair of camp shoes is also necessary. Other items recommended include camera, a flashlight, gloves, hunting knife, binoculars, hat or cap and sunscreen.

## References

- I hunted with Stuart from Pringle's Legendary Safari for my first African safari and have re booked to do a lion hunt. Stuart not only gave me a trip of a life time, but also fulfilled a life time dream as a young boy to go to Africa. I took my daughter over with me and not just making sure my needs were fulfilled, but hers too. Stuart's love for the African bush makes it easy for him to give you what you want and put you on great trophies. His knowledge of the African bush is amazing and will keep you entertained day and night. I would have no problem recommending Stuart and Pringle's Legendary Safari at anyone as a first time hunter to Africa or collecting those hard to get trophies to fulfil your dreams. **Brian Veer, Red Deer, Alberta Canada, +1 403 302 3901***
- I have been lucky to hunt with Stuart in Africa on several occasions and have been happy to refer some friends to hunt with him also. Stuart is very educated when it comes to Africa's flora and fauna. He knows every bird, mammal reptile and insect and is an interesting companion for the full length of a safari. Stuart seems to be able to read your wants and needs and has given me exactly what I am looking for on our hunts. I have been able to take some exceptional trophies while hunting with him and he has given me many memories that will last a life time. I am happy to recommend Stuart and Legendary Safaris whether it is for your first time hunting in Africa or your if you have been many times. **Mike Egan, Stony Mountain Canada, +1 204 344 5327.***
- Hunting with Stuart on two separate Safaris has been the highlight of my hunting life. Stuart has put more thought and effort into arranging my hunts than any North American guide I ever had or heard of. Looking forward to another Safari soon with Stuart. I highly recommend Stuart Pringle for your Safari needs. **Bob Churchill, Springfield, Illinois, +1 217 622 7765..***
